John and Karen Ross began construction of the original Buffalo Roam Steakhouse in October, 1965, and were open for business in January, 1966. The first expansion occurred in 1970 when a 24-foot addition was built on the south side. In 1982, the dining room, kitchen and storage area on the east side and the present lobby area were added. In 1988, the restrooms were enlarged and a small dining room seating about 20 was added on the north. On March 25, 1998, John and Karen Ross retired from the business. Carl and Kathy Jensen purchased the business and are trying to continue the dream and tradition of the Buffalo Roam Steakhouse.
